

EMPLOYEE WELLNESS SUPPORT PROGRAMME

HIV/AIDS AWARENESS

Training and Instructional
Design Academy of South Africa

Workshop information

Introduction

HIV/AIDS is a worldwide pandemic. South Africa, with one of the highest infection rates in the world, can't afford to ignore the problem any longer. Do your employees understand what HIV/AIDS is? Do they comprehend the full impact of this disease? Raising the level of HIV/AIDS awareness within your organisation is the best way to stop the disease from negatively impacting your workforce.

Workshop content

During this workshop, the following topics are covered:

- What is HIV and AIDS?
- How the virus attacks your body
- How the virus is spread and what you can do to prevent it
- How to get tested
- Where you can get help and advice, and support groups
- How you can manage your life if you are HIV-positive
- How you can support someone who is HIV-positive
- The impact on society
- Safety measures
- Myths and truths
- Facts and figures
- HIV/AIDS and the law, including recruitment

TIDASA is...

- A training company committed to enabling and empowering individual learners to make positive contributions to their organisations
- A provider of both customised and generic training
